

## TEN DEGREES

AT MARKET STREET

Welcome To Ten Degrees at Market Street, the restaurant named after the famous leaning tower of Caerphilly Castle that leans at a ten degree angle.

### About Us

We are three brothers from Caerphilly who have a passion for food, great service and creating special moments. Opening a restaurant has been a dream of ours for many years and when we did, we had a clear concept of what we wanted to achieve:

### Our Concept

#### Seasonal and Local

We only use the best local produce, freshly prepared by our super talented team of chefs. British steaks from Douglas Willis of Cwmbran and the Usk Valley. Fish and seafood from Flying Fish in Cornwall, and vegetarian & vegan dishes that change with the seasons.

#### Family

We want everyone who visits to feel the warmth and attention to detail a family run business brings. We class our wonderful team as family and our goal is to deliver a fantastic personal service to welcome your family to ours.

#### Fun

More than just a restaurant, we want to be a venue that host exciting events, live music and DJs. Our premium events and live music nights offer the perfect venue to party in style. See our events list for all upcoming events.

We hope you have a great visit!
